WEDNESDAY, FEBRUARY 15, 1911.

Three years ago The Eagle said  
there was an abundance of latent en-  
ergy in Bryan and that when it be-  
came kinetic the results would aston-  
ish the natives. The Woman's Club  
and the Commercial Club are the  
dynamos which excited and applied it.

The fashionable place for every-  
body in Bryan is on the firing line.  
The supply of ammunition is inex-  
haustible. Nobody wants to be on post  
duty and there are no wagon dogs or  
hospital rats.

No, Johnnie, there is no boom in  
Bryan and there isn't going to be any.  
Development has greatly increased,  
but it is symmetrical and healthy.

The formal announcement of Gov-  
ernor Harmon's candidacy for the  
presidency has not set the woods  
afire.

If there is a pessimist or a knocker  
in Bryan he is lying mighty low.

PARAGRAPHS CONTRIBUTED BY  
COMMERCIAL SECRETARIES.

We must look to our agricultural de-  
partment, A. & M. college, experimen-

tal stations and agricultural agents to  
build up our farms and instruct our  
farmers. These institutions ought to  
be encouraged and liberally supported  
by appropriations and co-operation in  
their work.

The luxuriant banner of a virgin soil  
waves over an empire of idle acres  
beckoning the farmer, the laborer, the  
manufacturer, the railroad builder and  
all useful citizens to come to Texas.

The item of main importance to the  
farmers of Texas is not increased  
acreage, for the Texas farmers are al-  
ready farming more land than they  
can properly cultivate, but is increased  
production on fewer acres. The in-  
crease in agricultural production has  
both an individual and community in-  
terest. The farmer is vitally interest-  
ed in increasing the yield, as it costs  
no more to cultivate an acre of land  
that produces two bales of cotton than  
it does an acre of land that produces  
only one, and the second bale is clear  
profit to the farmer. The farmers who  
have followed the advice of our agri-  
cultural department in selecting seeds,  
methods of culture, combating pests,  
etc., have been able to double produc-  
tion.

Texas needs cotton factories. The  
cotton manufacturer employs cheap  
labor, but so must the cotton farmer,  
and if we are going to be a manu-  
facturing state we must manufacture the  
things we produce.

The time for planting shade trees  
of all kinds is at hand, and every citi-  
zen of the state who has the interest  
of Texas and his community at heart  
should plant at least one shade tree.  
February 22 is National Arbor Day,  
and if every citizen of Texas would  
plant one tree on that day the value of  
property from the planting of \$3,965,542  
trees would be inestimable and would  
repay the trouble and expense of the  
planting many times.

Texas produces 20 per cent of the  
cotton of the world and on a per cap-  
ita basis uses one-fourth per cent. We  
not only produce a large surplus, but,  
through lack of diversification concep-  
t in certain lines of production, equally  
as abnormal as our surplus production  
in other lines. We are a people of  
producers and interested in a high  
price for our products, and need fac-  
tories to consume our surplus produc-  
tion.

Farmers in nearly every section of  
the state are preparing to plant the  
best seed the market affords. In order  
to make a good showing at the fairs  
next fall and for demonstration pur-  
poses. The industrial agents of rail-  
roads who have in charge the con-  
ducting of the demonstration trains  
are making personal visits to farmers  
for the purpose of urging upon them  
the necessity for planting the highest  
quality of seed. The demonstration  
trains are now considered a perma-  
nent feature of the industrial depart-  
ment of a railroad and the industrial  
agents are adding agricultural experts  
to their corps who will be sent out  
among the farmers to preach the gos-  
pel of agriculture.

The building of cities in Texas will  
eliminate cost of transportation, as all  
citizens are consumers, and the Texas  
producer must pay the freight on  
shipments to the large cities of the  
North and East. Build cities in Texas.

#### MRS. ROY FOLLETT DEAD.

Huntsville, Texas, Feb. 15.—Mrs.  
Grace Huntington Parker Follett, wife  
of Prof. Roy Follett, of the English  
department of A. & M. college, died  
Monday in Huntsville at the home of  
Mr. and Mrs. W. O. B. Gillespie, of  
acute heart trouble. Deceased was  
born and lived in Attleborough, Mass.,  
and came to Texas as a bride some-  
thing over a year since. Her husband  
had been summoned and was at her  
bedside when she passed away. An  
infant daughter survives the mother.  
Mrs. Follett's remains were sent to  
her old home for interment. The  
mother of Prof. Follett will arrive at  
the earliest possible date and will take  
her little granddaughter home with her.

Mrs. Follett was well known in  
Bryan and was a favorite in society  
circles, especially with the younger  
people.

## THE MARKETS

**BRYAN PRODUCE.**  
The local markets are still quiet and  
there are very few changes in the  
quotations. There is little doing in any  
kind of produce at present.

#### HOUSTON MARKET REVIEW.

[Special to The Bryan Eagle.]  
Houston, Texas, Feb. 15.—Featuring  
the past week was the general rain  
throughout Texas. Every line of in-  
dustry and all business will benefit.  
Remarkably warm weather has pre-  
valled and truckers are farther ad-  
vanced than for many years. Severe  
damage would be wrought by a heavy  
frost.

Unseasonable weather has inter-  
fered with trade in winter lines, but  
wholesalers report spring orders about  
all filled. There were no failures in  
the Houston district and collections  
were fair to good. Building continues  
active.

There continues an unsatisfied de-  
mand for poultry, the market being  
almost bare of hens and young chick-  
ens. Eggs are on a steady market at  
17c. Country butter meets with little  
inquiry. Elgin fancy creamery lines  
were advanced 2c last week owing to  
the snow and blizzard in the Middle  
West.

The heavy movement in potatoes  
and apples continues. The lower coast  
country continues to send in lettuce,  
beans, okra and other vegetables.  
From the immediate vicinity of Hous-  
ton strawberries are coming in rapid-  
ly now and prices fell to \$5.00 per  
crate. Arrivals of oranges late in the  
week served to ease a scarcity which  
was becoming serious. Bananas are in  
fair supply at 3c.

The outlook for well sustained busi-  
ness in all South Texas is excellent.

#### FREE BAPTIST QUARTERLY MEETING

The Free Baptist quarterly meeting  
convened with the Brightlight church  
at Harvey, February 4 and 5. The in-  
troduction sermon was delivered by  
Rev. Frank Merks. Text: "I am cruci-  
fied with Christ." Galatians 2:20.

Saturday morning the minutes of  
the last session were read by J. O.  
Riggs and approved. Rev. Jim Thom-  
as was chosen moderator; C. C.  
Wheeler, assistant moderator.

Committee on Arrangements—R. F.  
Bryan, S. T. Thomas, L. P. Carter.  
Pulpit Committee—S. B. Buchanan,  
N. E. Carson, N. A. Coitnam.

Saturday morning there was a song  
service, led by Jesse Hensarling. The  
devotional exercises were led by Rev.

Jim Thomas. The subject for discus-  
sion was "Personal Work," opened by  
Rev. J. J. Tatum and discussed at  
length. A discussion on "The Owning  
of Church Houses" was opened by  
Rev. S. T. Thomas and discussed at  
length. Rev. C. C. Wheeler, of Grimes  
county, occupied the pulpit Saturday  
at 11 a. m. The text was Jeremiah  
29:3. The sermon was most interest-  
ing and full of grace. Rev. Jim Thom-  
as concluded, after which dinner was  
served and was enjoyed by all.

In the afternoon there was a song  
service led by Jesse Hensarling. The  
devotional service was led by Rev.  
J. J. Tatum. Letters were read from  
Bryan, Wellborn, Independence, Kur-  
ten and Union Hill. All the other  
churches reported verbally. The Union  
Hill church recommended to the quar-  
terly meeting that J. O. Riggs be  
licensed to preach the gospel. The  
ordaining council reported, recom-  
mending Sister R. E. Lawlis be or-  
dained at the earliest convenient  
time. Rev. W. C. Rogers not being  
present, it was considered wise to wait  
till all members of the council were  
present. The clerk was instructed to  
notify Sister Lawlis that this matter  
had come before the quarterly meeting  
and would be attended to as soon as  
possible. A discussion of "Personal  
Work" was opened by Rev. J. J. Ta-  
tum and continued by others. The  
Grimes county quarterly meeting was  
called to meet at North Zulch and  
Rev. D. C. Hartgraves was chosen to  
work in the interest of Zulch church,  
to solicit funds to pay the church out  
of debt. The subject, "Heartfelt Re-  
ligion," was opened by Rev. Hart-  
graves and discussed at length.

The final report of the pulpit supply  
committee provided that Rev. R. F.  
Bryan was to occupy the pulpit Sat-  
urday night, Rev. Hartgraves Sunday  
at 11 a. m. Dinner on the grounds Sat-  
urday and Sunday. The next quarterly  
meeting was voted to go to Wellborn.  
All who attended this meeting en-  
joyed the presence of the Holy Spirit  
and we pray God's blessings on all  
His children everywhere.

J. O. RIGGS, Clerk.

#### PRAYER MEETING AT THE METHODIST CHURCH.

At the usual prayer meeting service  
of the First Methodist church tonight  
at 7:30 o'clock Rev. Glenn Flinn, the  
pastor, will deliver the second of his  
series of short addresses on "Epoch-  
Makers of the Old Testament." The  
subject tonight will be "Joseph." The  
public is cordially invited to these  
services.

George Gould Will Retire.

New York, Feb. 15.—George Gould  
announced this afternoon that he will  
retire from the presidency of the Mis-  
souri Pacific railroad and become  
chairman of the board of directors.
